

Chandra Users Committee

September 2023

WELCOME!

Purpose of the Users' Committee

- The CUC exists to ensure broad-based community input on the wide scope of Chandra X-ray Center (CXC) functions, and to provide the general user with a formal mechanism for influencing the CXC.
- The committee advises the CXC and makes its reports to the CXC Director.

Process

- Today we will have presentations by various members of the CXC and we will try to address previous recommendations by the CUC. There should be time for questions and discussion.
- Tomorrow there will be an Executive session between the CUC members and with the CXC Director.
- Ultimate goal of the CUC: write a report with recommendations to the Director

DINNER: 7pm at “Changsho” restaurant. 1712 Massachusetts Ave.
