AHELP for CIAO 3.4

_push_struct_field_values

Context: slangrtl

Jump to: Description See Also

Synopsis

Push the values of a structure's fields onto the stack

Syntax

```
Integer_Type num = _push_struct_field_values (Struct_Type s)
```

Description

The _push_struct_field_values function pushes the values of all the fields of a structure onto the stack, returning the number of items pushed. The fields are pushed such that the last field of the structure is pushed first.
